

More Ways to Save with Ambetter

Being an Ambetter plan member means getting the care you need when you need it. And **knowing your options** may help save you time and money along the way.

In-network care

In-network means that the doctor, pharmacy or facility (such as an urgent care center) **is included in the health plan network. Your plan covers your care.**

Out-of-network care

Out-of-network means that the doctor, pharmacy or facility **is not included in the health plan network and not covered by your health plan.** You'll likely pay more for those out-of-pocket services and providers.¹

Mail order pharmacy

Mail order pharmacy may also help save you money and time. You can get 30- or 90-day refills, and **delivery is free** to your home, workplace or doctor's office.

Wellness resources and programs

Health management programs offer telephone support and education for a variety of health issues, including depression. If you have a **long-lasting health problem**, we work with our disease management company to provide services that may help you manage your condition better and have fewer complications.

24/7 Nurse Advice Line

Call the phone number on your **Ambetter ID card** to talk to an experienced registered nurse any time of the day or night. This is a **free service**. Get quick, reliable advice for non-emergency medical issues.

Think about taking advantage of the ways you may be able to save. Visit your online member account to sign up for programs and services and search for in-network care.
